Sophie Science

777 Honeydew Avenue Boca Raton, FL 33431 (561) 297-3000 sophiescience@fau.edu

EDUCATION

Florida Atlantic University

Doctor of Philosophy in Integrative Biology

	5	
<u>Concentration:</u>	Neuroscience	
Dissertation:	"Sense, Function, and Behavior: Neurodegeneration Following Intracerebral	
	Hemorrhaging"	
<u>Areas of Specialty:</u>	somatosensation, vestibular system, proprioception, anosmia, neural circuitry,	
	electrophysiology, neurodegeneration	

Florida Atlantic University

Master of Biological Science Scholarships: Zelda Spellman Memorial Scholarship The River Song Foundation Scholarship

Florida Atlantic University

Bachelor of Science in Neuroscience and Behavior Honors: Boca Raton, FL December 20XX

Boca Raton, FL

May 20XX

Boca Raton, FL May 20XX

TEACHING EXPERIENCE

Florida Atlantic University

Co-Instructor

August 20XX – July 20XX Developed and directed the upper division course, Cellular Neuroscience and Disease, in which the basic knowledge of cellular and molecular neuroscience is used to understand human neurological diseases and disorders. Lectured, created lesson plans, advised students, wrote exams, facilitated group projects, recruited quest speakers.

Graduate Teaching Assistant

August 20XX – December 20XX

Boca Raton, FL

Led discussion sessions for the course, Neurobiology of Learning and Memory, which focused on the neural substrates of learning and memory and the cellular basis of plasticity. Designed demonstrations to illustrate significant concepts.
