

OSP Announcements and Updates

Updated

NSTC-approved Common Forms for the Biographical Sketch and Current and Pending (Other) Support are now available in _____. These revised formats will be required for proposals submitted or due on or after _____. NSF encourages proposers to become familiar with the updated forms in preparation for proposal submission in May.

If you would like more information, NSF will conduct a webinar on _____ to discuss the revisions to these forms as well as provide a demonstration of the revised functionality to create and download these required proposal documents. If you prefer, you can reach out to the NSF Policy Office directly at [poli](#)

NSF has made several changes to the Proposal & Award Policies & Procedures Guide (PAPPG) in addition to the updates to the Biographical Sketch and Current and Pending Support. For a complete list of all upcoming changes, please review the [summary of changes](#).

Please share this information with your faculty in your department/college.
