

ADMISSIONS

How do I apply to the MSW Program?

Complete the online FAU application. This application includes the university application and the Master of Social Work application. You will have to pay an application fee of \$64 and will need to send all official transcripts to the FAU Graduate College.

When is the application deadline?

Applications will be accepted.

What are the admissions requirements?

An undergraduate degree from an accredited university is required. You do not need to have a degree in Social Work to apply. There are no pre-requisites. Meeting minimal requirements does not guarantee admissions.

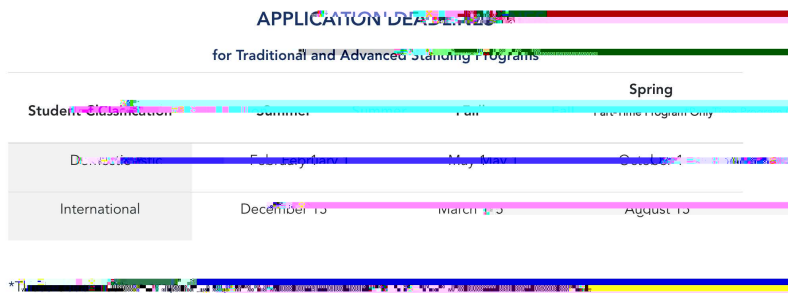

For Traditional Standing, your GPA must be at least a 3.0 in your last 60 credits.

For Advanced Standing, you must have a Bachelor of Social Work degree and a GPA of at least 3.5 in your last 60 credits.

How early can I apply?

The MSW program has rolling admissions, which means the sooner you apply, the sooner you will know your admission decision. If you plan to start classes in the Spring, you can apply as early as the preceding June. If you plan to start classes in the Summer or Fall, you can apply as early as the preceding October.

For which semesters can I apply?

Is an interview required for acceptance?

An interview is not required for acceptance.

Is the GRE required?

The GRE is not required. This means that the GPA for your last 60 credits of your bachelor's degree is extremely important. To be considered for the Traditional program, your GPA must be 3.0 or higher for the last 60 credits of your undergraduate degree and 3.5 or higher for you to be considered for the Advanced Standing program. If your GPA

falls below these averages, you have the option to complete a Petition for Exceptional Consideration, which is part of the online MSW application.

How long will it take for an admission decision?

Ensure your application is completed by the required [deadline](#). Once completed, please allow the committee **up to 8 weeks** to review your application and send the decision. The MSW program has rolling admissions, which means the sooner you apply, the sooner you will know your admission decision.
